Get 'em While You Can

It's that time of year when locally grown Ambrosia apples are a little harder to find at the store. There are still fresh, local apples coming out of Controlled Atmosphere Storage and making their way to a grocer near you. Supplies of local apples will run out but the good news is that farmers in Chile have just started to harvest their [Ambrosia](#) apples and we'll have more apples soon!

Take your next dinner party up a notch with this amazing pork loin recipe from renowned chef Michael Lyon. His Ambrosia apple crusted pork is sure to be a crowd pleaser at your next family gathering. Chef Lyon walks you through each step of the recipe in this video.
